315 Main St 10 Day.pdf

Doug:

I have received your e-mail for the 10—day advanced notice for the H&L Oil tank site in Onamia MN. Because this site is located within the boundaries of the Mille Lacs Reservation I will be working with Mr. Ryan Rupp from the Mille Lacs Band and with Mr. Mark Ristano of the Chicago office of the EPA.

We would like to have a conference call with you to review status of the proposed tank removal, scheduled for Tuesday, February 10, 2015.

I understand that you have been in contact with Mr. Ristano regarding this removal project.

If you could respond as to what time tomorrow would work best for you to have a conference call that would be appreciated. We would like to go over tank removal concerns so that there are no glitches during the removal process, and everyone is on the same page before work begins.

If you should have any questions prior to the conference call, please feel free to call me at 218-316-38789.

Thank You,

Stan

Joann,

I noticed I had the address incorrect and I also got the rest of the owners information.

Sorry and Thanks

Doug
